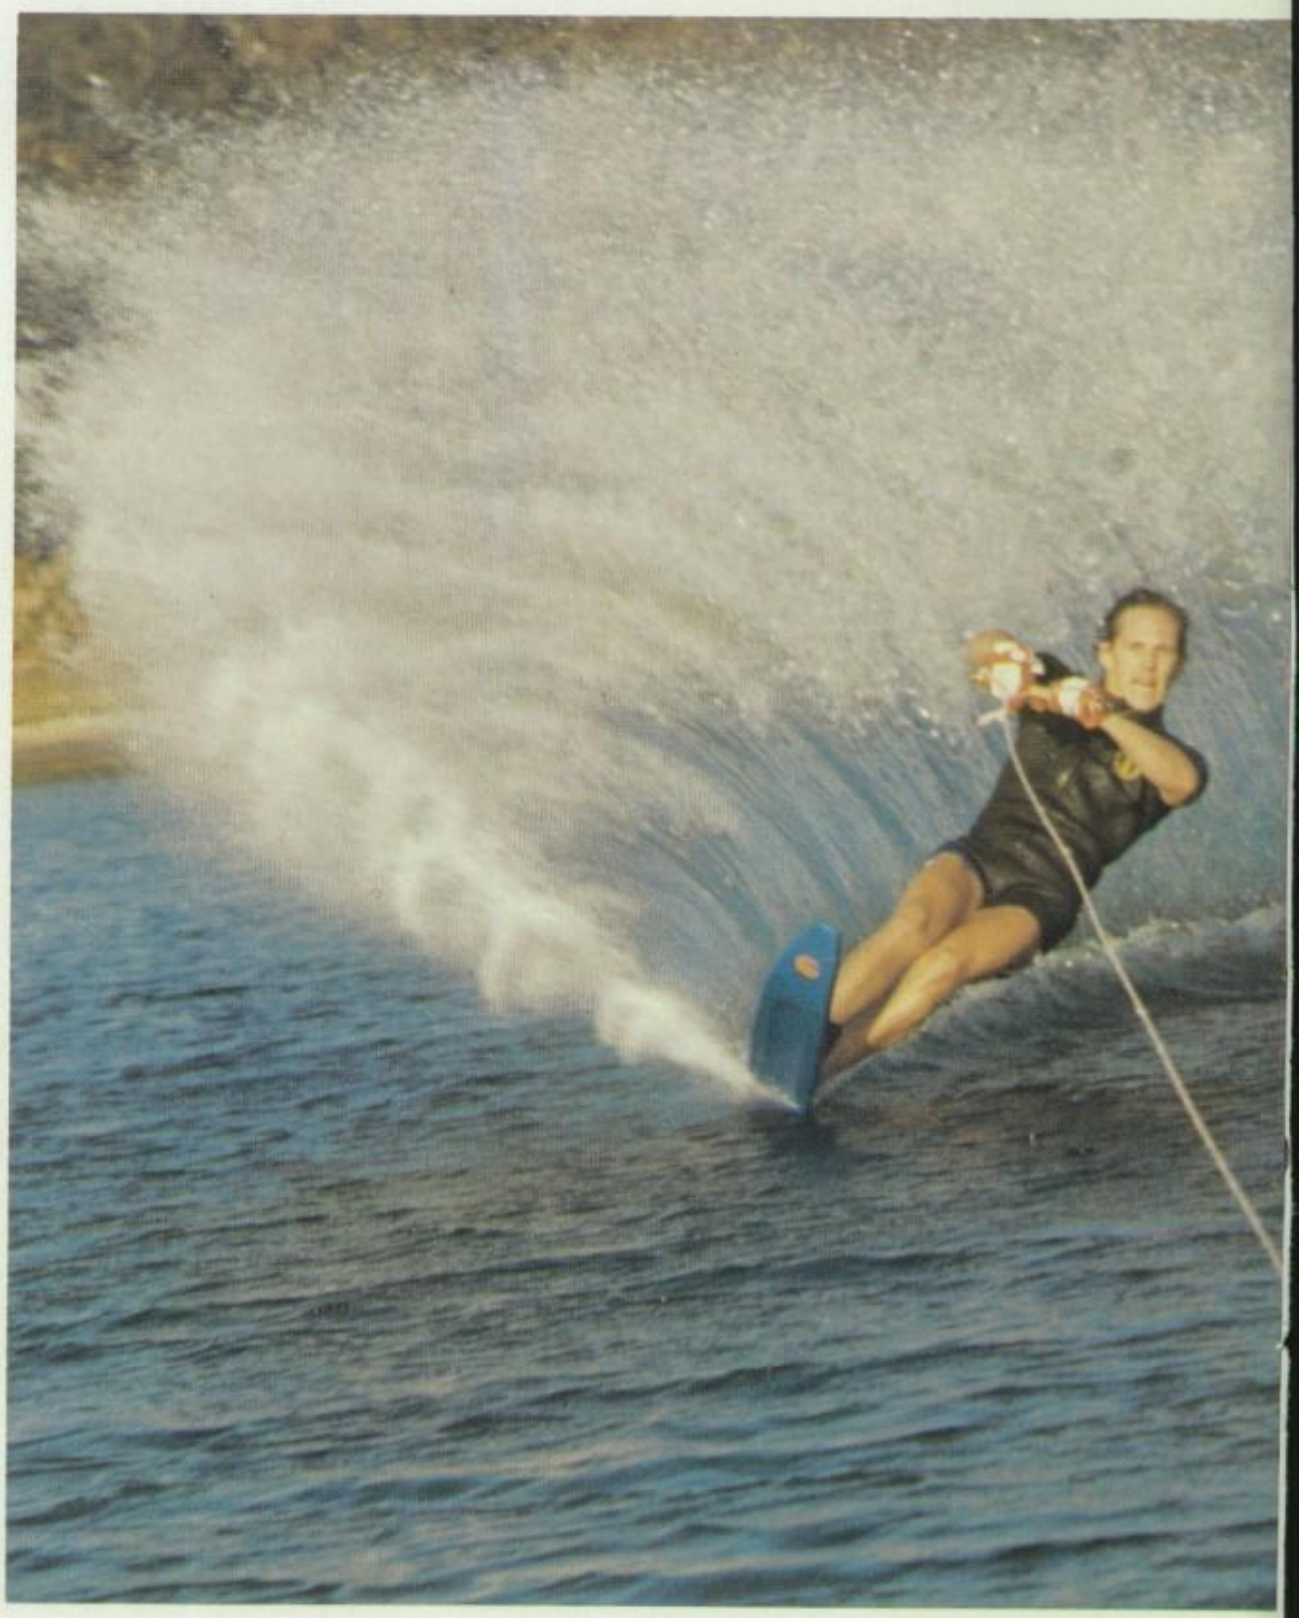
Only yesterday, or was it
I stood in awe of the "big kids"
who were so lucky,
being big and in high school;
driving cars and looking
"all grown up".



The major questions then
were how to repair the flat bicycle wheel,
and where would we go this Saturday afternoon.

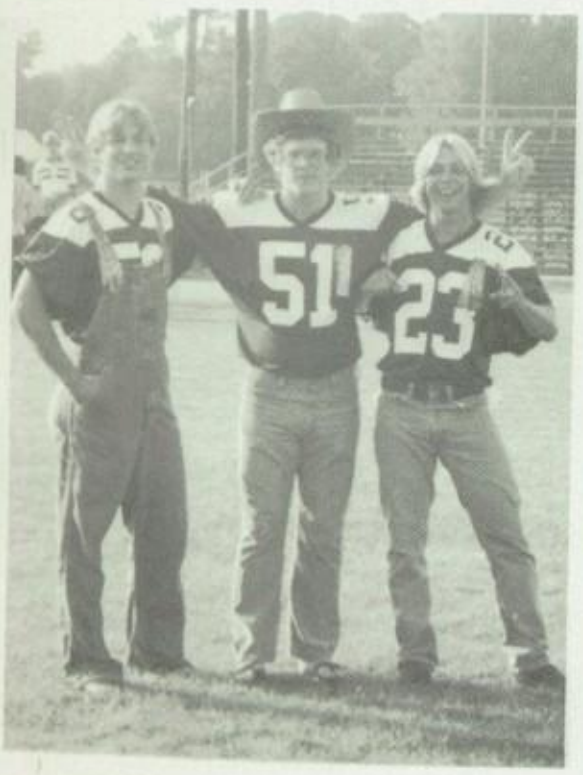
Pioneer Spirit



Whenever I talk about Oak Ridge,
I speak with a boastful tongue.
Our spirit is the greatest ever,
and our teams are all number one.

The manner we go about learning,
is not as dull as the rest.
Since our staff is simply fantastic,
and our people are amongst the best.

To sum up my years at Oak Ridge,
I'll state it's not just a fling.
Catch the green & gold fever,
'Cause Pioneers . . . it's the real thing.

Our 1979 Homecoming King and Queen

"A time that will always be remembered is the year 1978-79 that I reigned as Homecoming Queen at Oak Ridge High. Without the confidence and support of the student body and members of the faculty, my year as Homecoming Queen could not have been successful."

"Being crowned king of Oak Ridge was really an honor to me. The support of the students and faculty made our homecoming a successful one, one which I will always cherish."

Its been really fun knowing you throughout this year. Wish you lots of Luck in the future, what ever you wish for I hope it come true. Judy.

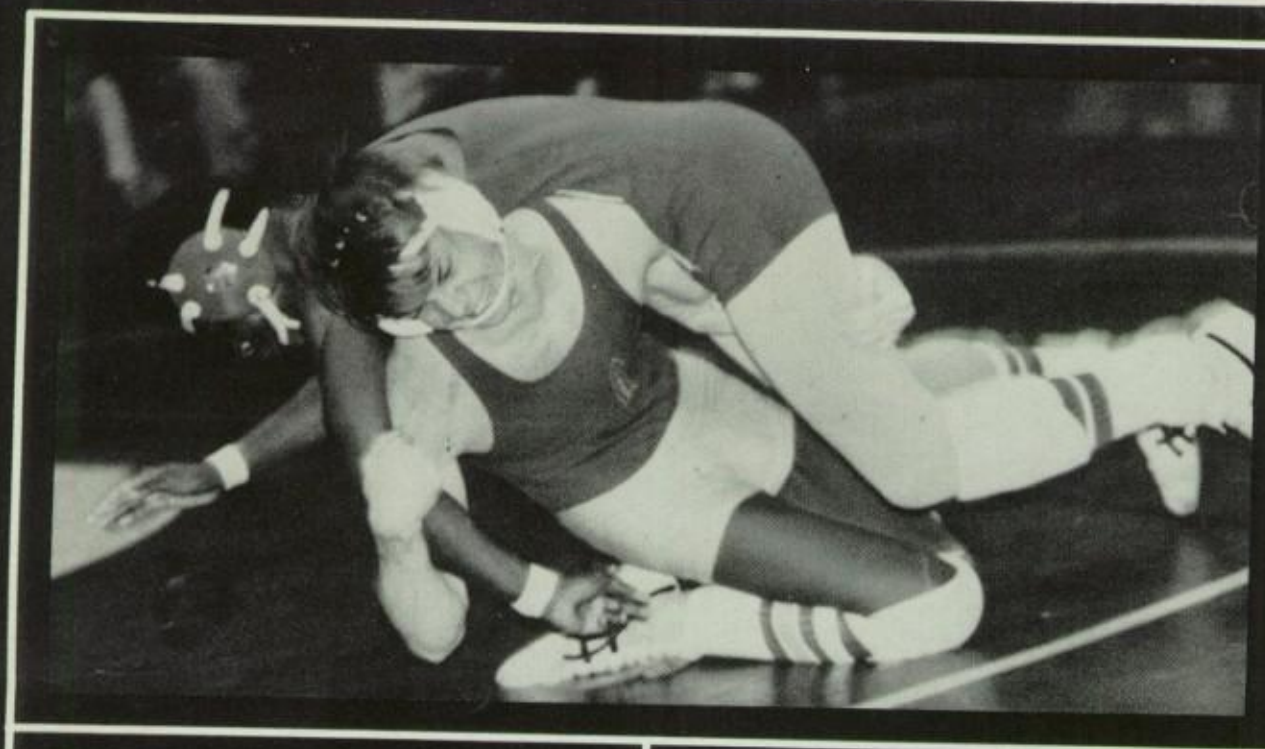
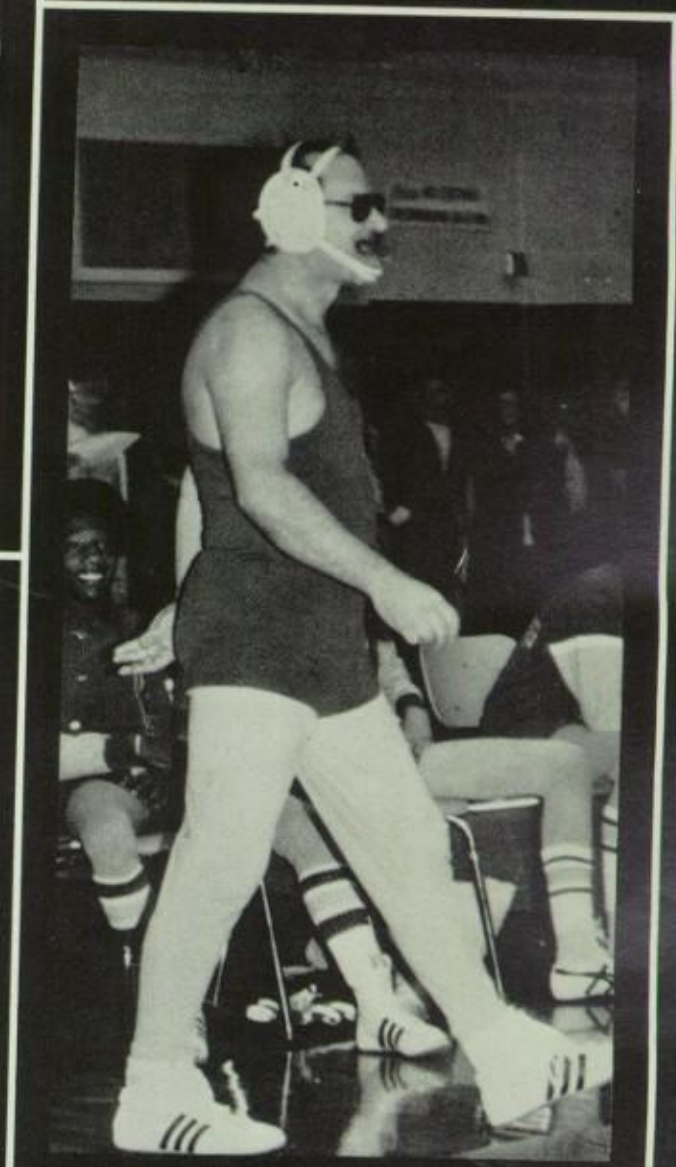
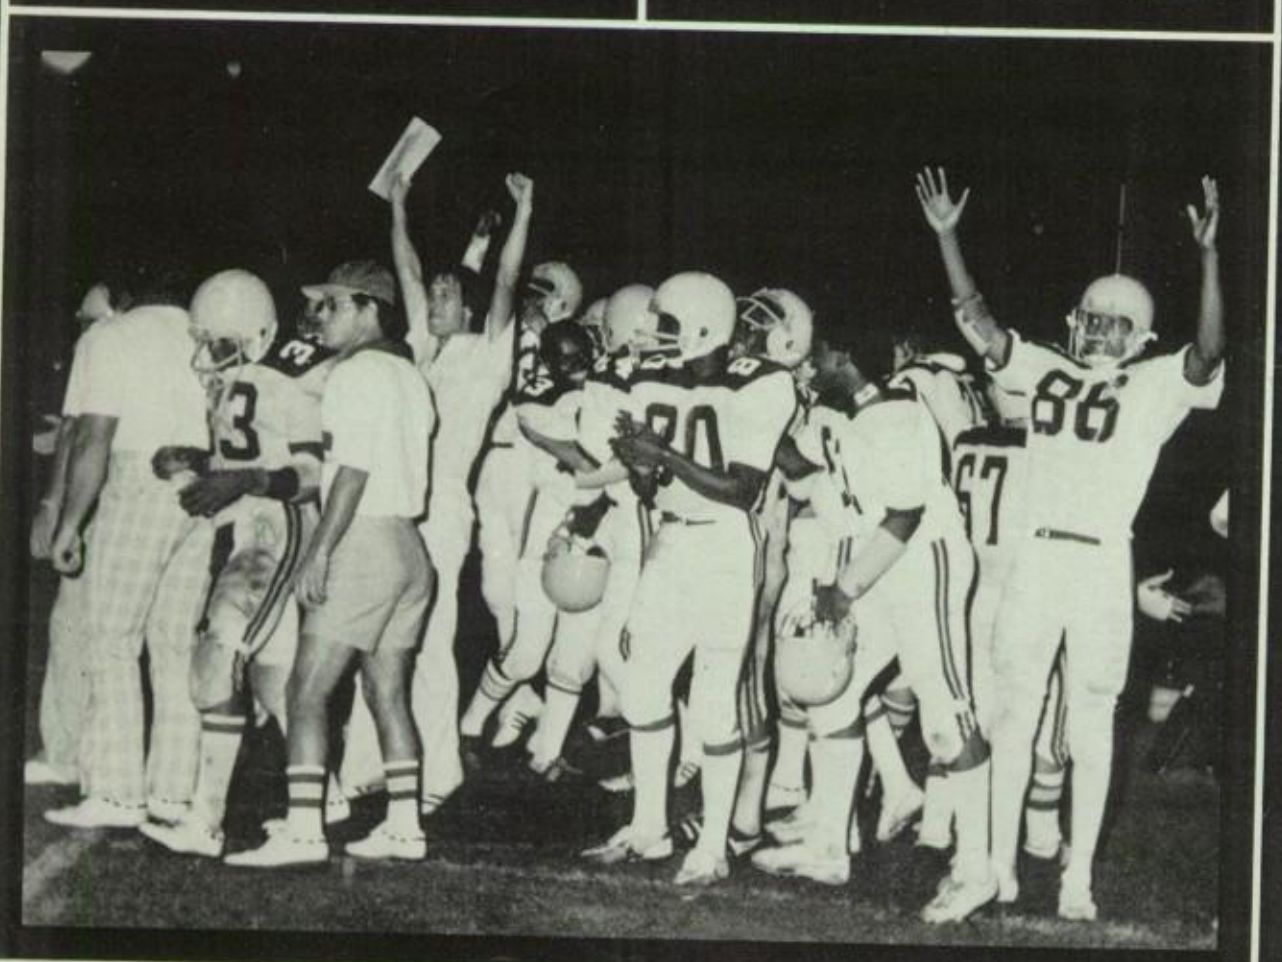
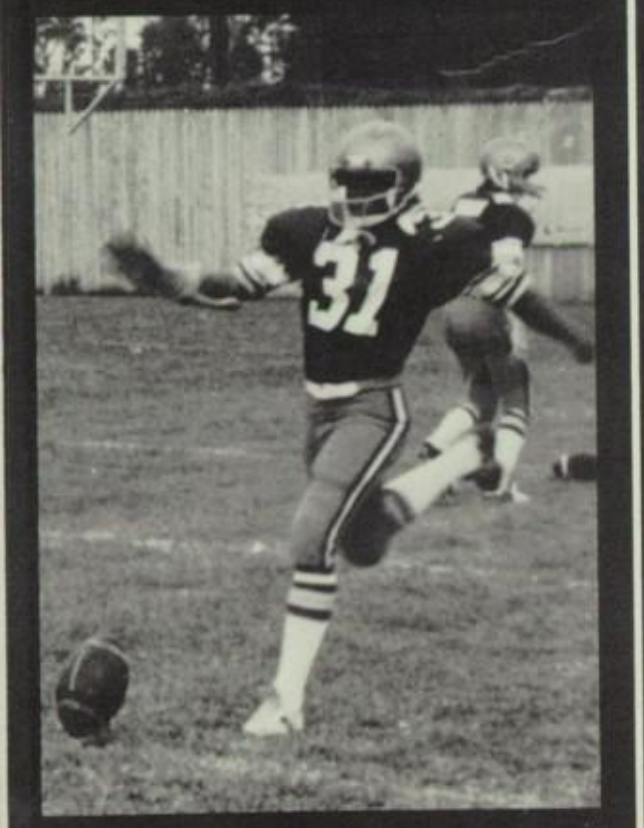
A Medley of

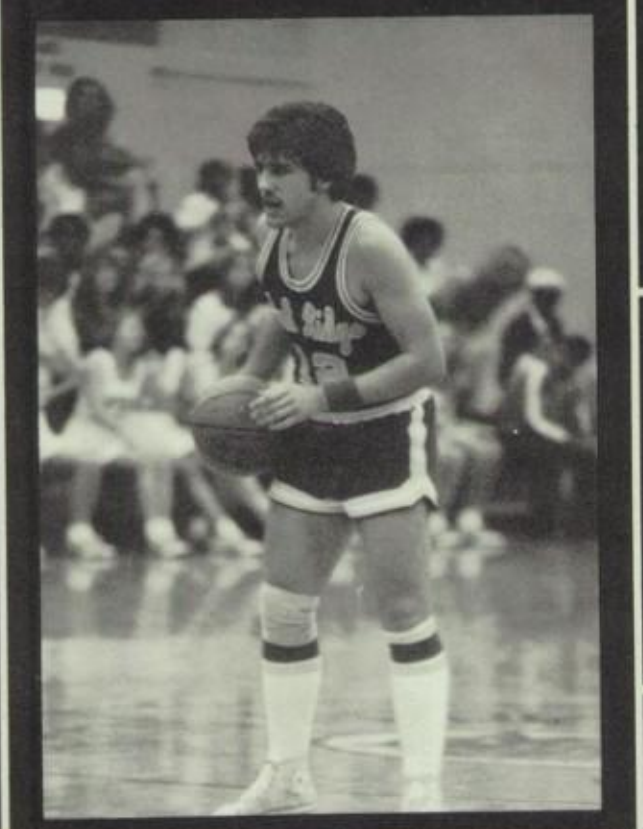


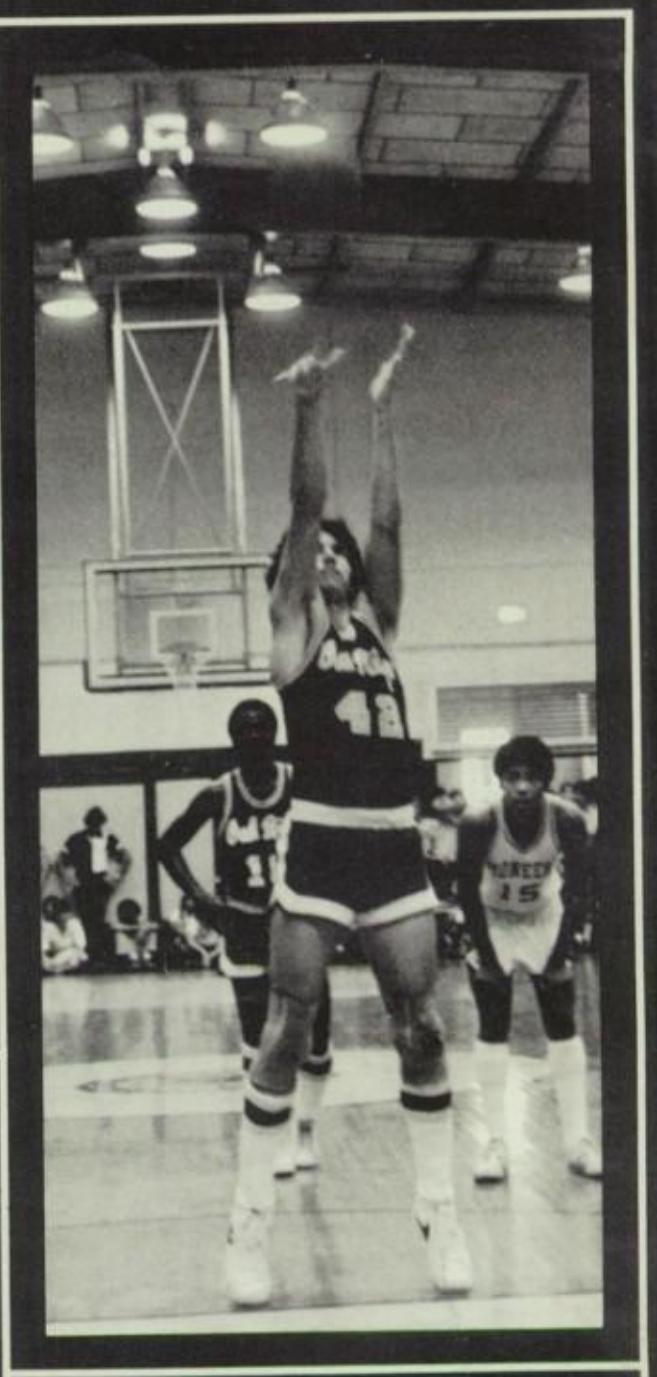


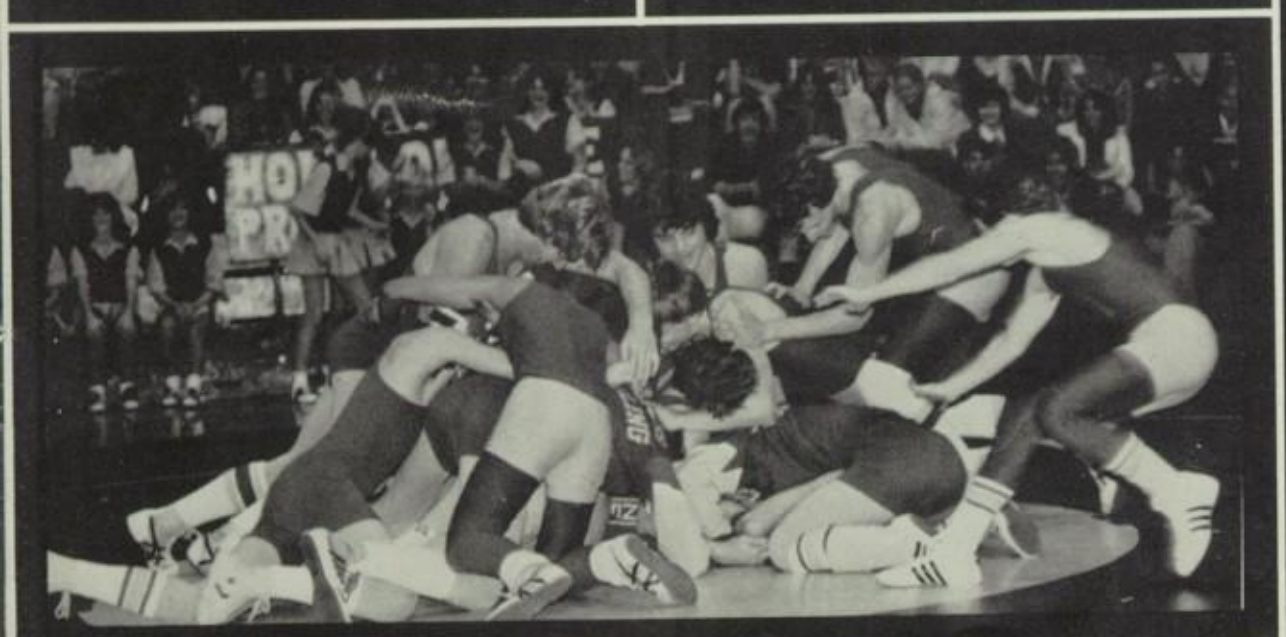


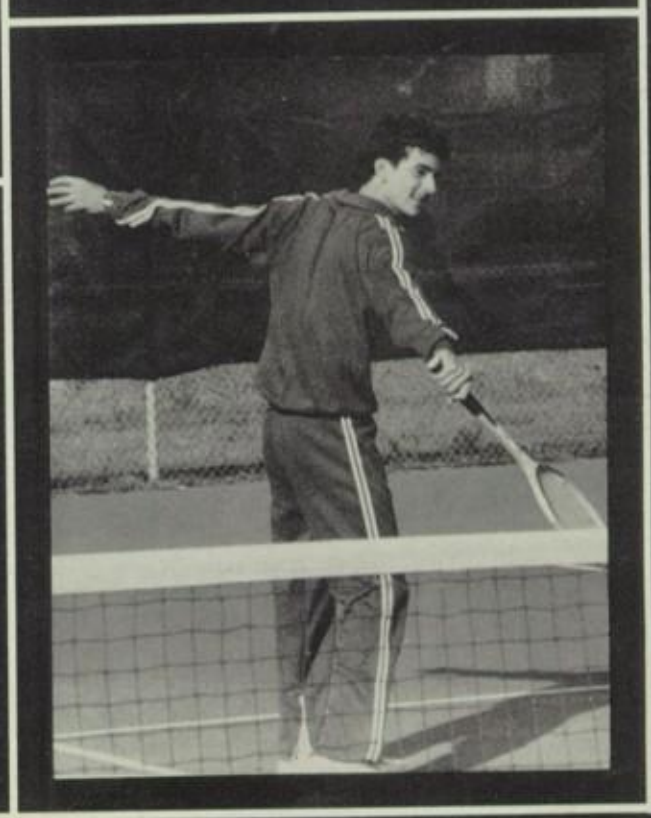
Agile Athletes in Action

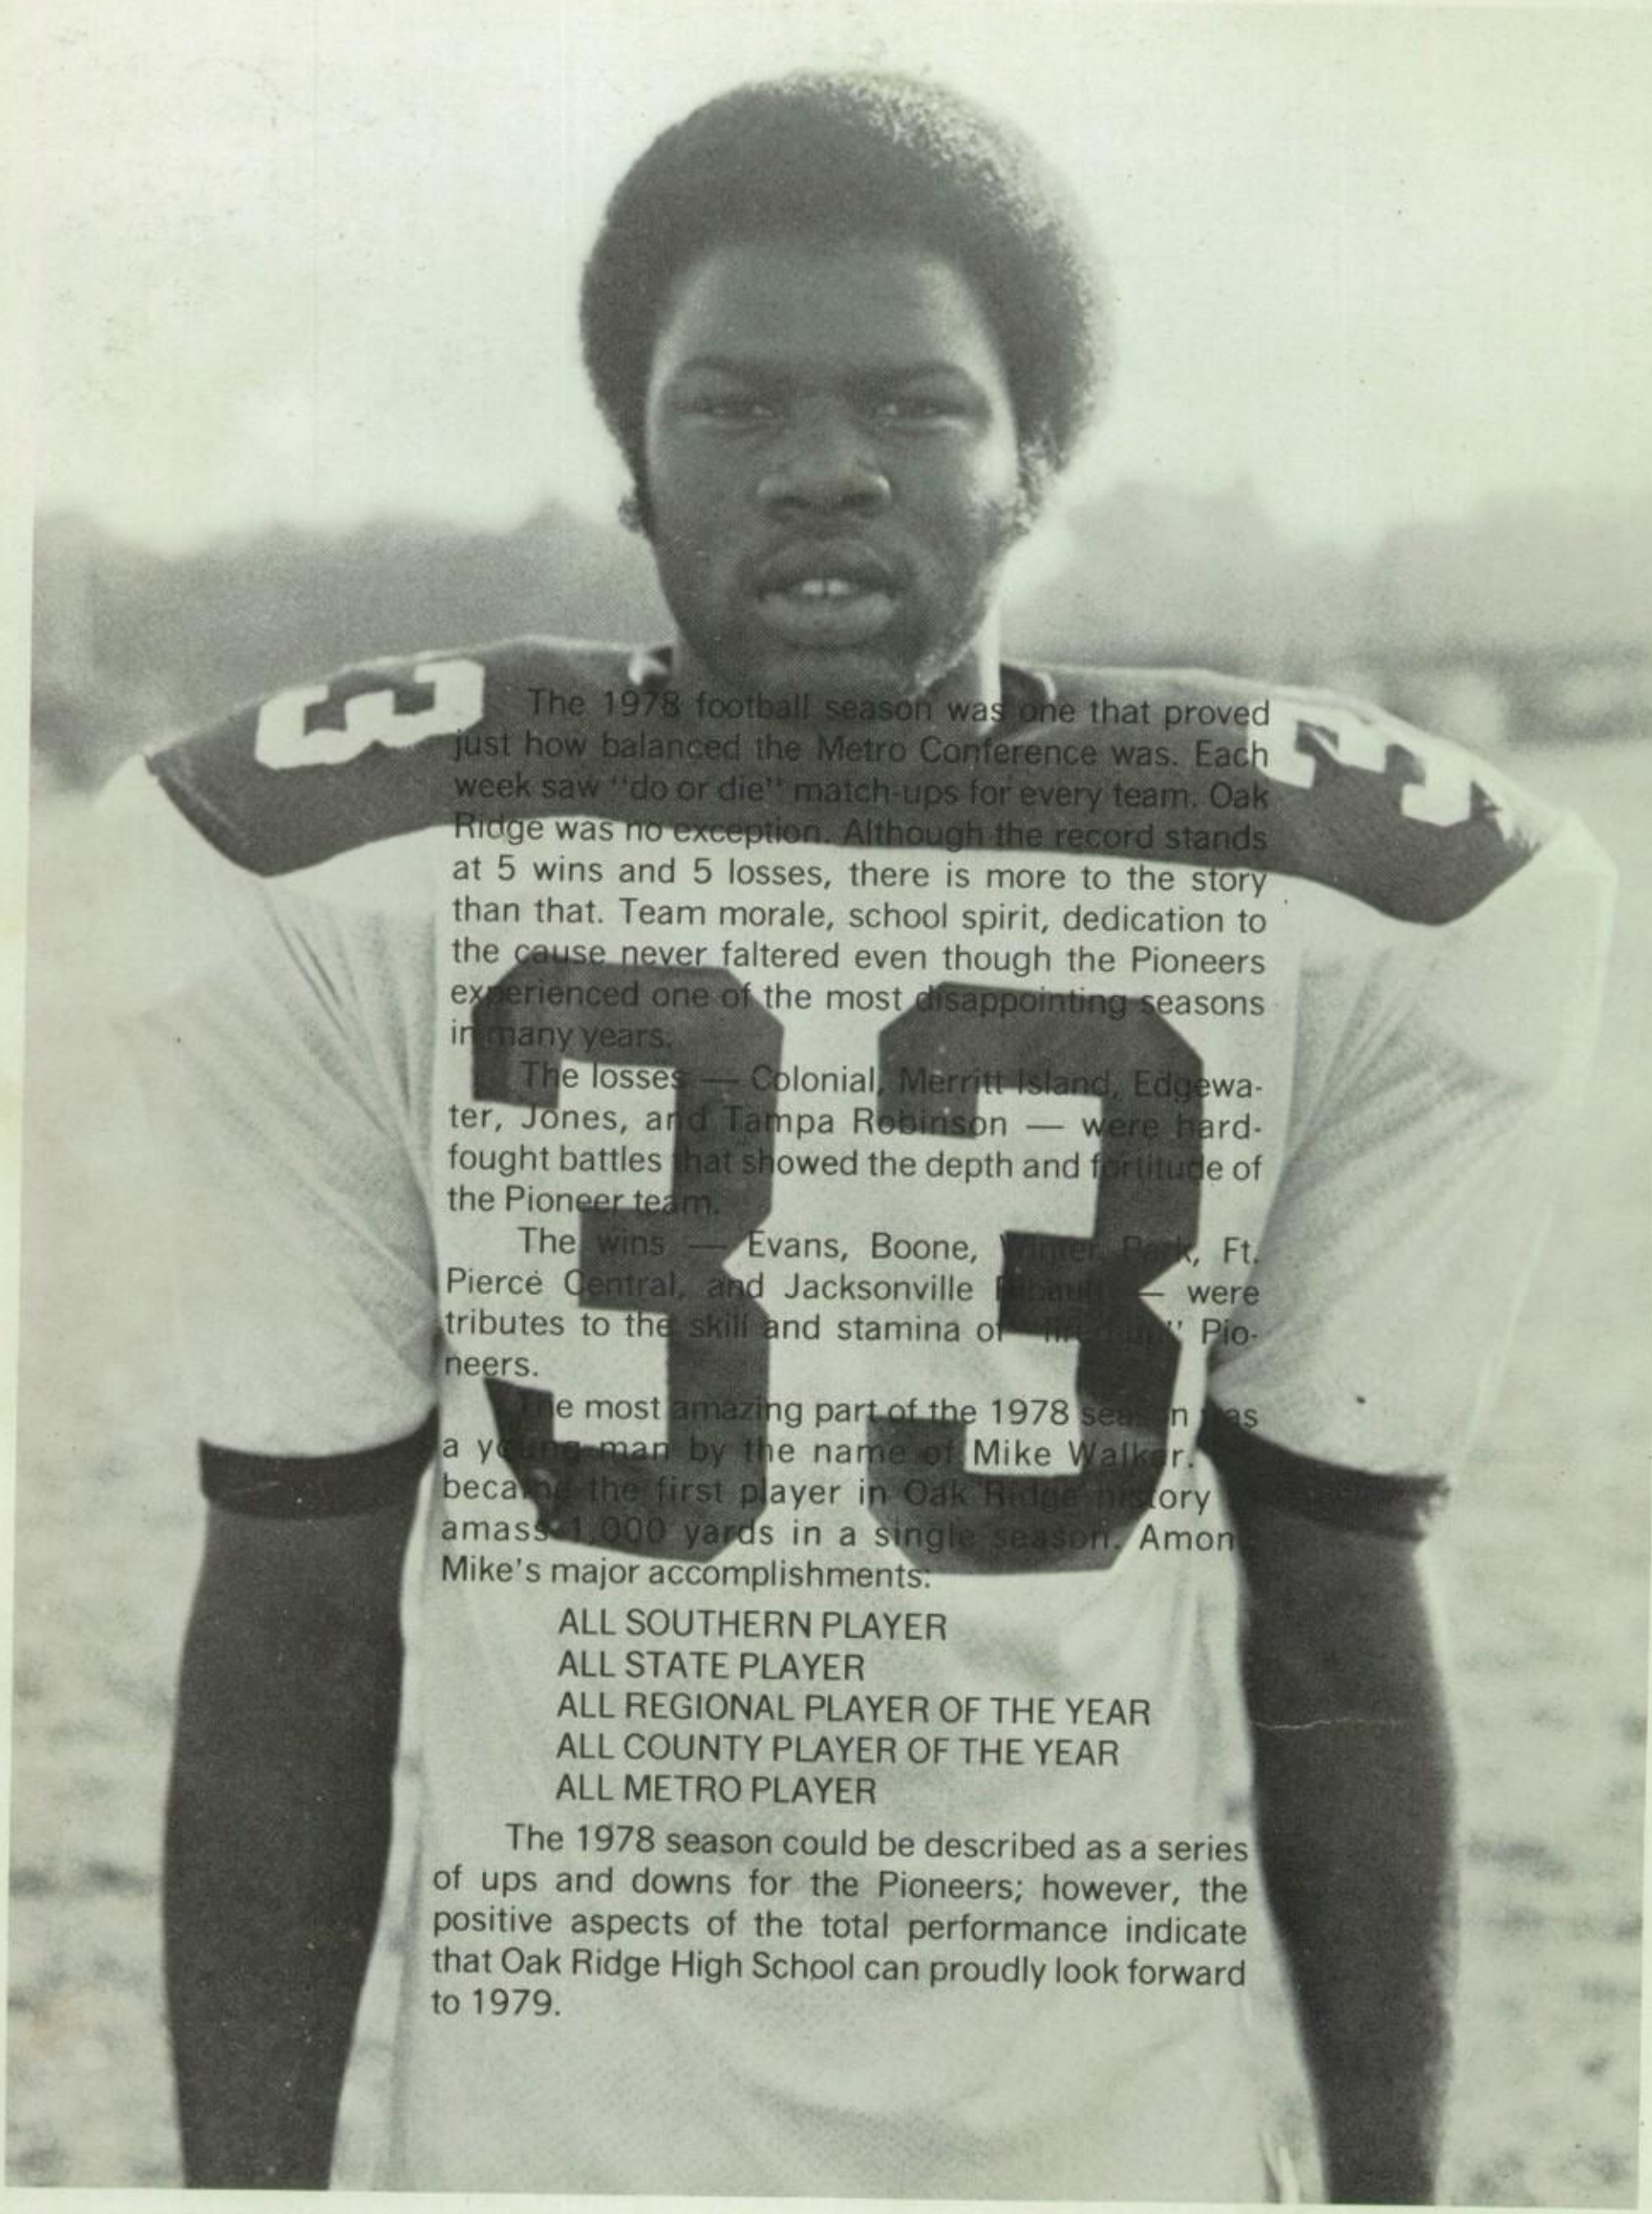












The 1978 football season was one that proved just how balanced the Metro Conference was. Each week saw "do or die" match-ups for every team. Oak Ridge was no exception. Although the record stands at 5 wins and 5 losses, there is more to the story than that. Team morale, school spirit, dedication to the cause never faltered even though the Pioneers experienced one of the most disappointing seasons in many years.

The losses — Colonial, Merritt Island, Edgewater, Jones, and Tampa Robinson — were hard-fought battles that showed the depth and fortitude of the Pioneer team.

The wins — Evans, Boone, Winter Park, Ft. Pierce Central, and Jacksonville Ribault — were tributes to the skill and stamina of the "Mighty" Pioneers.

The most amazing part of the 1978 season was a young man by the name of Mike Walker. He became the first player in Oak Ridge history to amass 1,000 yards in a single season. Among Mike's major accomplishments:

ALL SOUTHERN PLAYER
ALL STATE PLAYER
ALL REGIONAL PLAYER OF THE YEAR
ALL COUNTY PLAYER OF THE YEAR
ALL METRO PLAYER

The 1978 season could be described as a series of ups and downs for the Pioneers; however, the positive aspects of the total performance indicate that Oak Ridge High School can proudly look forward to 1979.

Karen,

I know we haven't been the best of friends this year but I'm very grateful for having the opportunity to associate with someone as nice as you. I'll always remember the good ole days in Mr. Sitton's class. Karen whether you were aware of the fact or not, I know you use to talk about me everyday, but you know what I didn't get all upset & stop speaking to you or anything because I feel that life is to short to go around worrying about what he or she says about me. I believe in forgiving and forgetting so that's what I've done. I hope you understand what I'm trying to say. I wish you all the happiness in the world. Whatever you do after graduation remember Don't Do it at all cost. No Drugs. May God bless you. Remember Me Always.

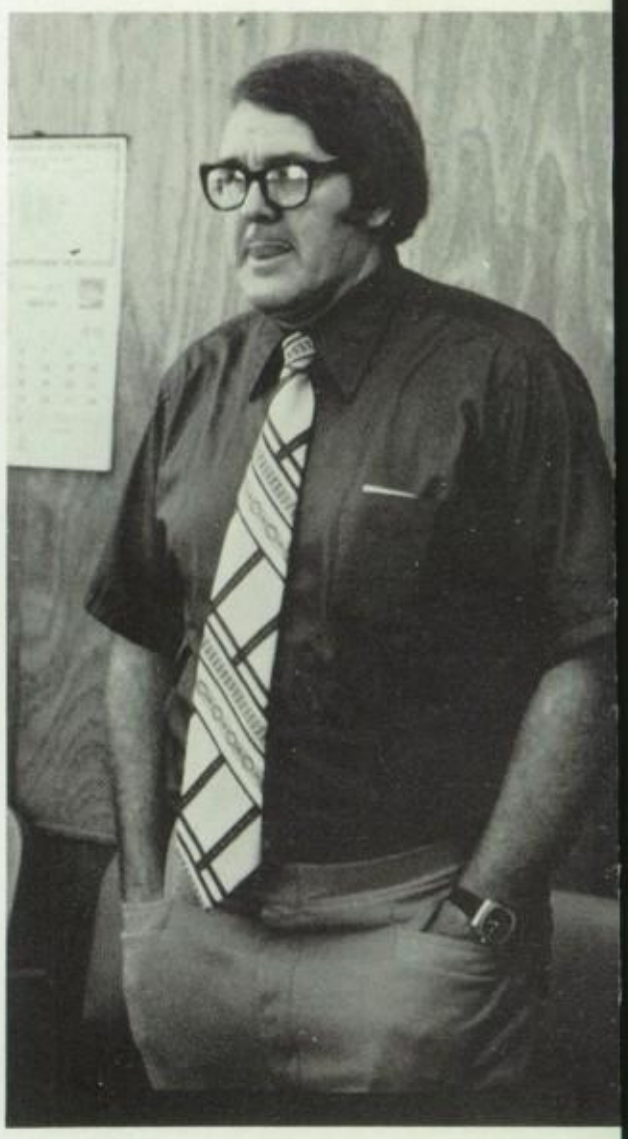
Our Principal and Proudest Pioneer . . . Mr. William Spoone

Mr. William Spoone is the most involved and enthusiastic principal any high school student could hope for. Mr. Spoone makes many students proud that he is and we are Oak Ridge Pioneers! He takes part in many activities involving students, both on and off campus. Expressing great pride toward the compassion the Oak Ridge student body has expressed this year, Mr. Spoone feels the enthusiastic tone set this year for Lee Leonard substitutes for the enthusiasm lost during the football season. He is extremely proud that such a large group of students has shown such personal concern for "one of our own!"



Mr. Spoone in Action!

Administrative Staff:

William L. Cooley
Assistant Principal

The heart of a school is not buildings and other material matters. It is the people in it. I'm proud to be a part of the overall educational chain here at Oak Ridge — a chain that links the administration, teachers, and staff with the major goal of leading students in developing a better life.

William Cooley

Myrtice F. Gilliam
Assistant Principal

The original Pioneer spirit permeates the entire faculty, staff and student body of Oak Ridge High School. The warm, friendly atmosphere establishes a climate for meaningful learning experiences and promotes the development of innovative educational programs.

Myrtice Gilliam

Edward T. Makovec, Jr.
Assistant Principal

Annually, Oak Ridge Senior High School provides three thousand students with a major portion of their academic and social life. They come primarily from six neighboring junior high schools to be graduated into a world a thousand times greater than their wildest imaginations. By becoming an active participant in both the academic and social life at Oak Ridge, you open the doors of your choice to the future. Oak Ridge has it! Come get it!

Edward Makovec

Administrative Staff:

Buildings make a physical place, people make a happening. Oak Ridge is a happening, wherein many people doing the Educational thing make us number one and second to none.

Harvey Rivers

Harvey D. Rivers
Assistant Principal

The twelve years I have spent at Oak Ridge High School have been most enjoyable. We have become one of the most competitive high school football teams in the state. Our dedication and determination by both players and coaches have been two immeasurable factors that have been instrumental in our success along with student body, faculty, and community support. We have one of the largest followings of any school in the Central Florida Area. This factor alone helps magnify our winning tradition.

Paul Adams

Paul R. Adams
Administrative Dean

As we have read, and my experiences attest, people tend to act as they are expected to act. Students are people; therefore, we expect you, the students, to be cooperative, imaginative, hard working, considerate, intelligent, loving, humane, enthusiastic, moral, and respectful of others regardless of your similarities or differences. Now that you know what we expect of you, do it or we'll beat you!

Ralph Smith

Ralph Smith
Administrative Dean

Guidance Staff

The Guidance staff, made up of seven counselors and one occupational specialist, is available to all Oak Ridge students throughout each school day. The services offered by this staff consist of: helping students adapt to a new school and assisting students with educational and vocational decisions.

Presenting the Foreign Exchange Students

Andrea Fleischer is from Bremen, West Germany. She is staying with the McGivern family and said, "They are really nice and we have a lot of fun together." Andrea's hobbies are ping-pong, jogging and meeting new friends.

Andrea is a member of the AFS club and enjoys it a lot because they don't have clubs at school in Germany. There, "everyone runs home after school and to private clubs."

When Andrea returns to West Germany she must finish three more years of high school because their school system goes to the 13th grade! After high school Andrea plans to go to college and study psychology to become a child psychologist.

Eric Bohlin is from Sweden and is staying with Mr. and Mrs. Restrepo and describes them as "two very good friends."

Eric is presently involved in soccer and is a member of the MSR and AFS clubs. He is enthusiastic about being a part of these organizations because, "We do not have school sports or very many clubs in our schools in Sweden."

When asked what he thought about Oak Ridge, he said, "I think it is amazing that a school can create so much spirit despite its large size." Eric believes that people here at Oak Ridge are more open and laugh more easily.

Anders Johnson is from the capital city of Sweden, Stockholm, and is staying with the Bettmann family.

Anders plays forward or halfback for the soccer team, and is a member of the AFS club. He says he really likes Oak Ridge "even though it is a little bit big." He received the same impression from many other aspects of life in America — the cars, the schools, the supermarkets.

When asked how he felt about the people at Oak Ridge, he said, "All the students and teachers are friendly, I like them a lot."

The Gift of Friendship

Friendship is a priceless gift
That cannot be bought or sold,
But its value is far greater
Than a mountain made of gold —
For gold is cold and lifeless,
It can neither see or hear,
And in the time of trouble
It is powerless to cheer —
It has no ears to listen,
No heart to understand,
It cannot bring you comfort
Or reach out a helping hand
So when you ask God for a gift,
Be thankful if he sends
Not diamonds, pearls or riches,
But the love of real true friends.

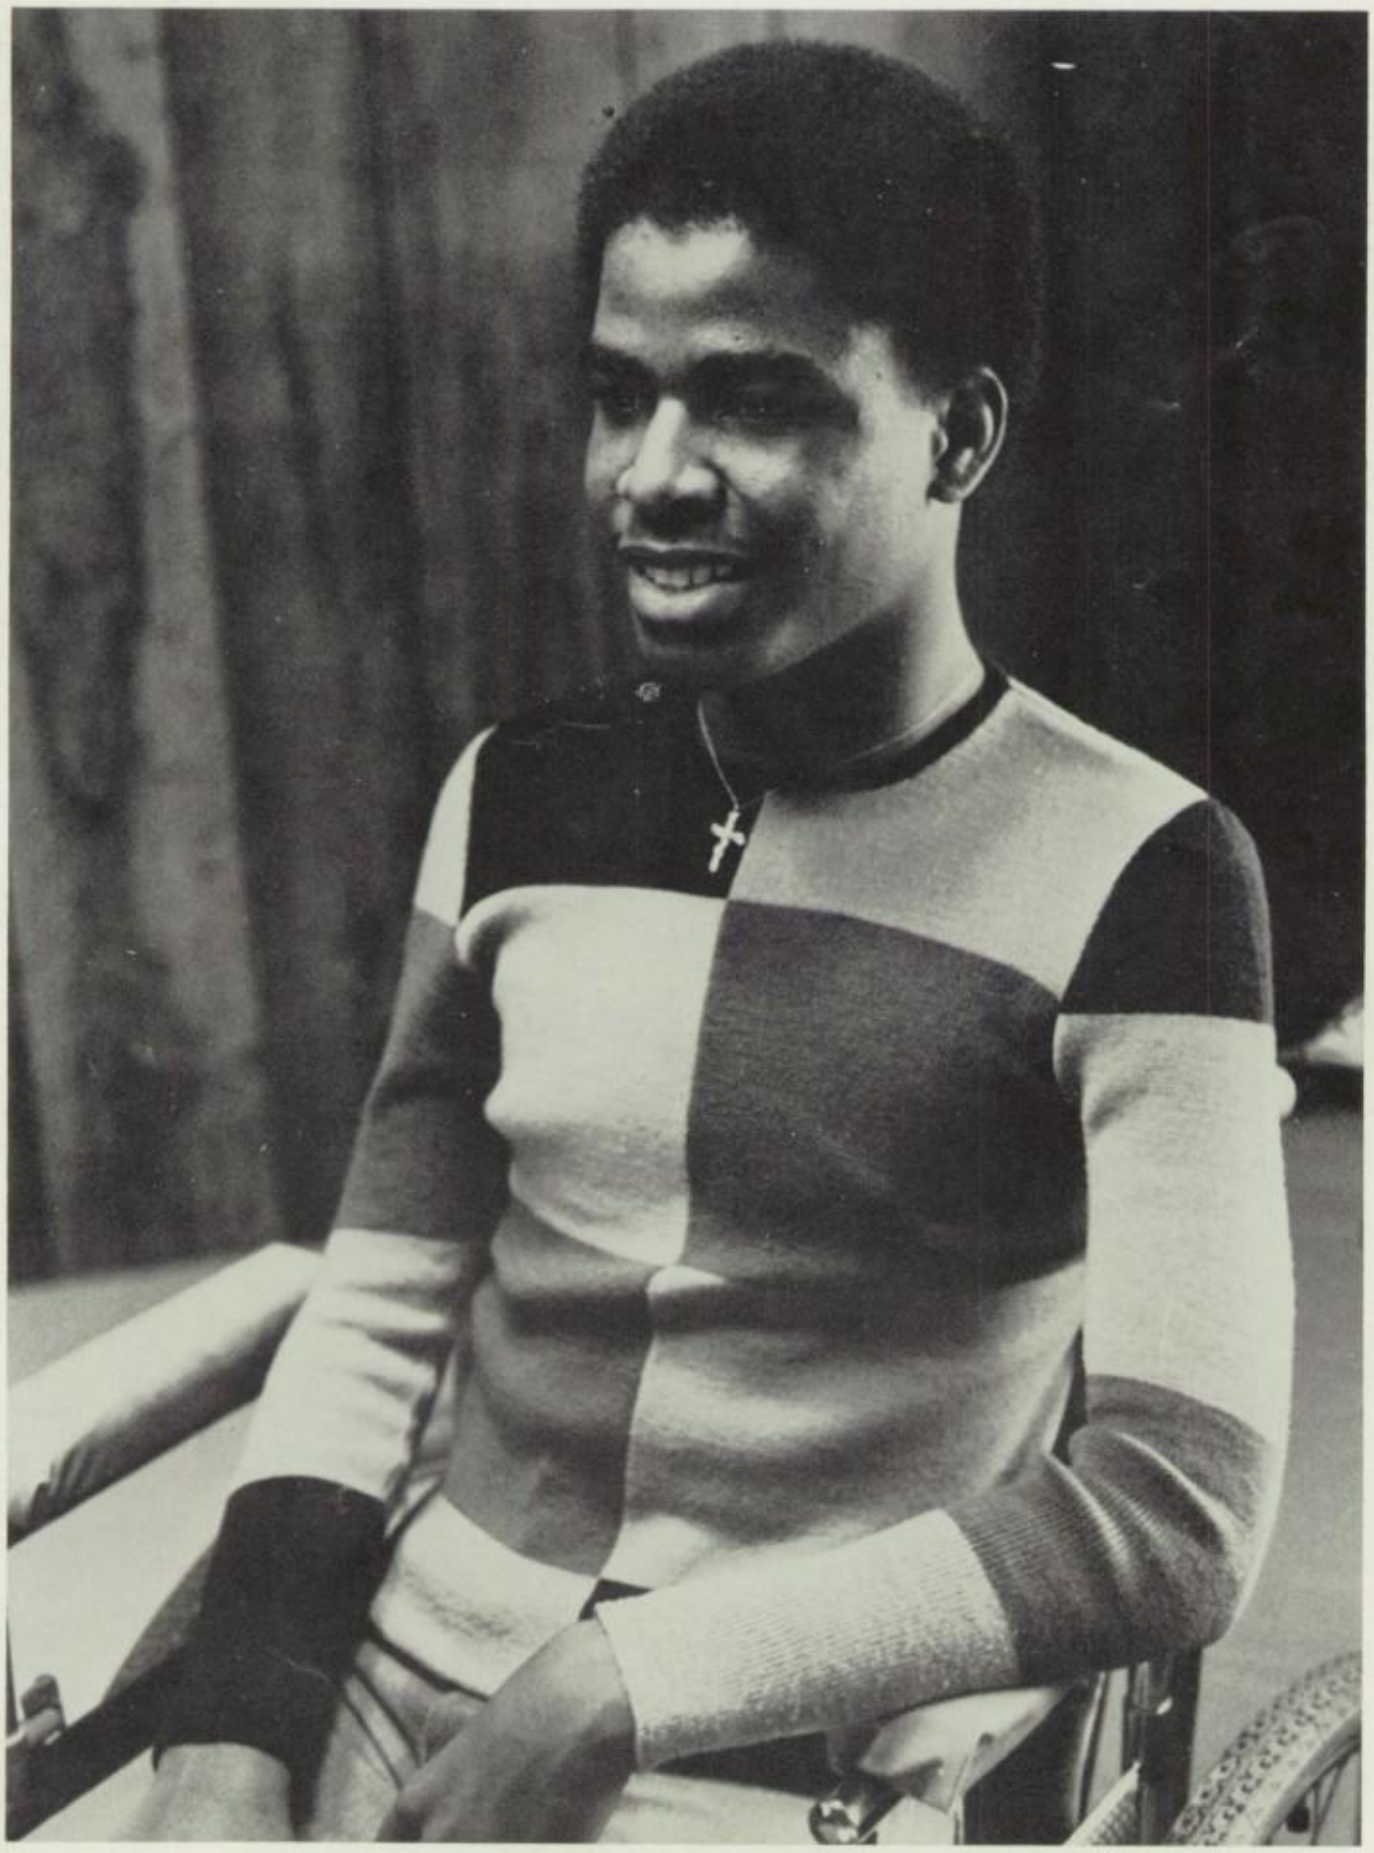
Lee Leonard — A Spirited, Courageous, Determined Pioneer.



On August 31, 1978, a neck injury during the annual football jamboree changed Lee Leonard's life.

An outstanding student who excelled in academics, art, and athletics, Lee was known as an all-around nice guy with a continuous sense of humor. That has not changed even though he has had to face seemingly unsurmountable problems.

How does one readjust to a life limited in physical mobility? Just as Lee has done — with self-discipline, perseverence, and endurance.

Lee's thoughts on his present situation are typical of him: "I feel the same towards football; I loved the sport before I was hurt and I still love it. My family has become closer, and I have learned not to get upset to the point where you become careless."

Pioneers have shown their tremendous support of Lee by participating in various fund-raising activities as well as all the cards, letters, visits, and prayers showered upon "one of our own."

Lee Leonard — An inspiration to all of us.

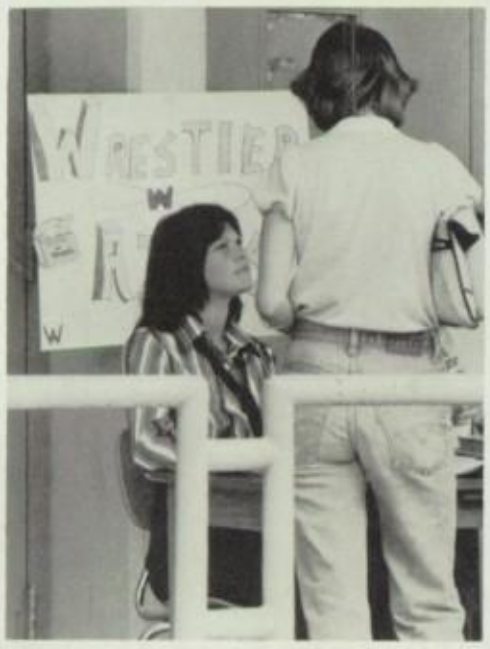
Gentlemen prefer Hanes.

See, I told you I'd get him.

Hey-ey-ey!

Sketching takes great concentration.

Just don't stand there — get to class.



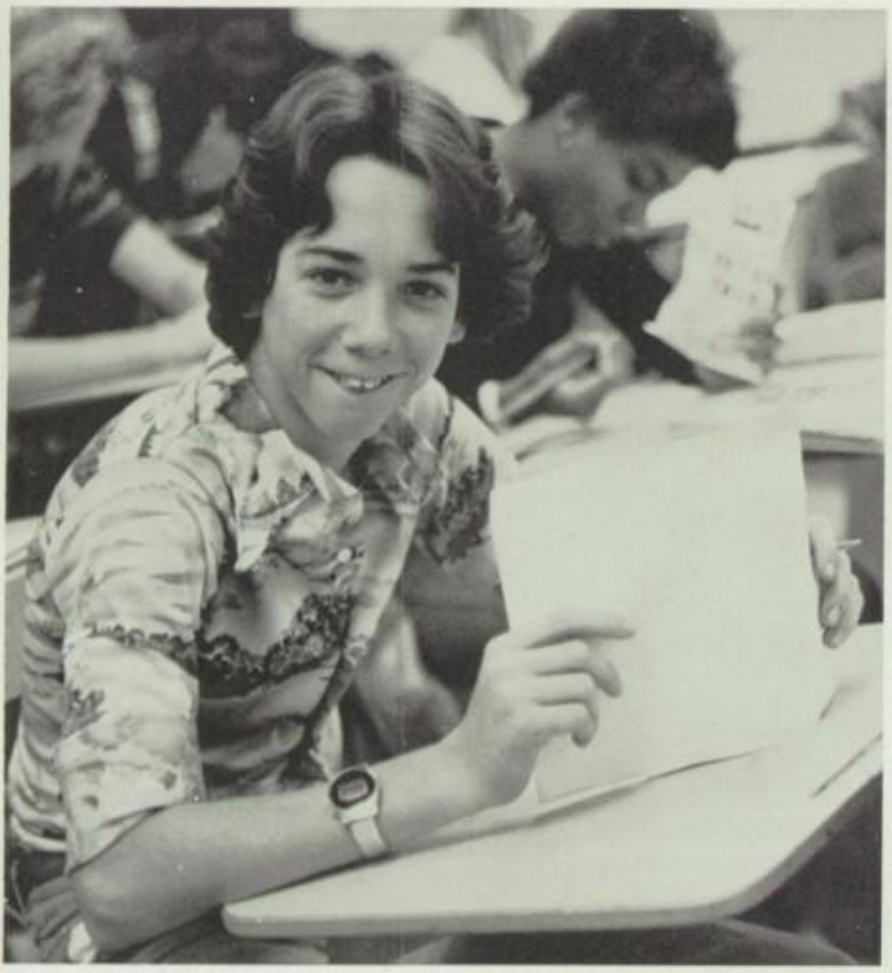
"You want change for a hundred?!"

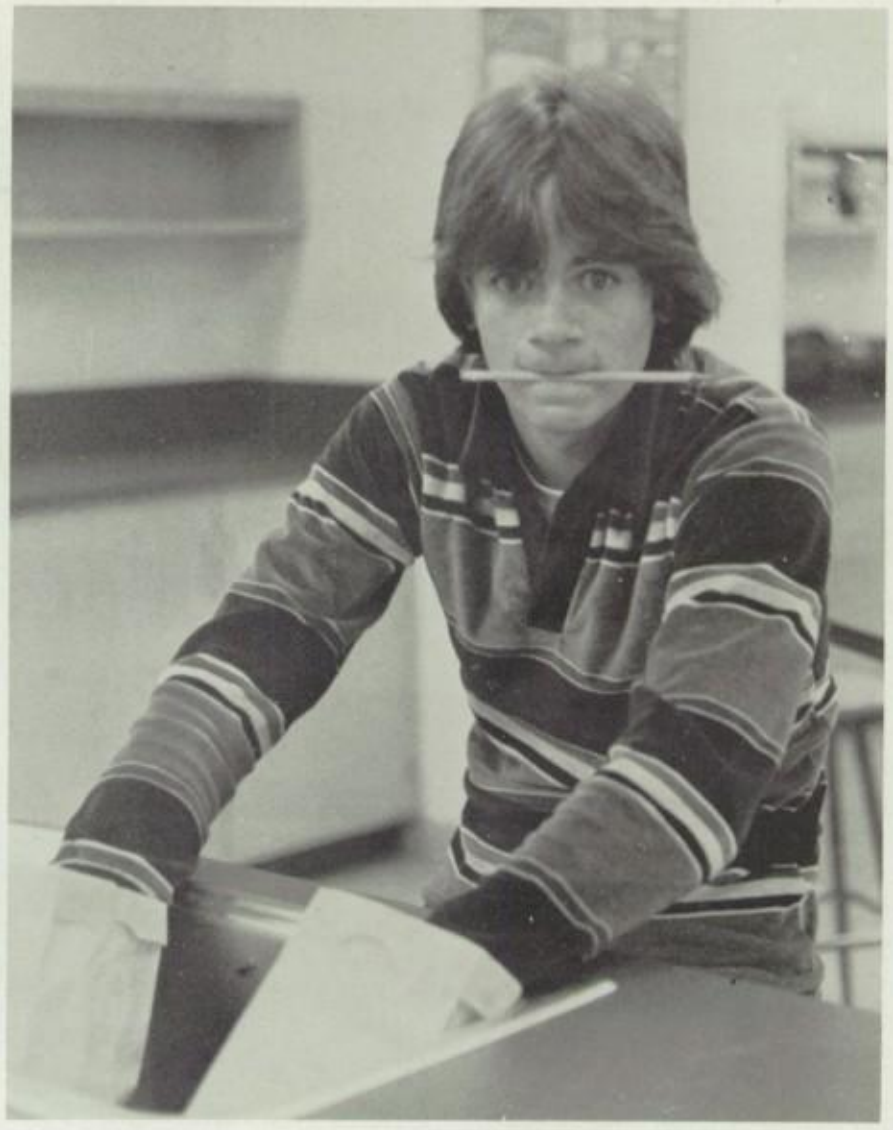
Caught in the act.

You've got to be kidding!

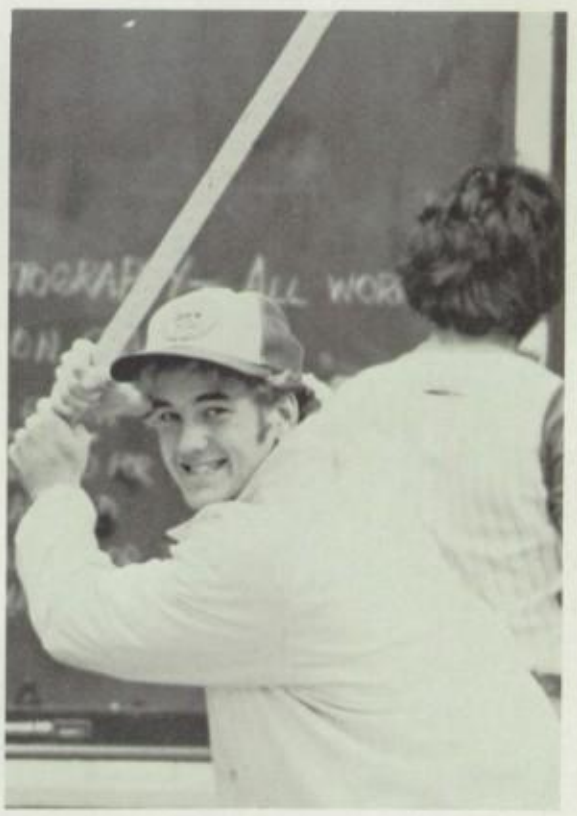
"Don't you ever call me that again!"

If you think I'm sexy and you want . . .





"Look Mom, no hands."



"Whaaat?"

Pioneers of the self, the world, the future
we shall build converging now in space craft
shaped like covered wagons . . .

To Karen:
A real good friend
I will always remember.
From a real cute, fine
and a for real chick (smile)
I will always remember.
At school and at
home. I hope you
don't forget me when
I'm in college. But I
probably see you every
once and a while. when
I come back. I might
be married. (just joking)
I hope you succeed
in whatever you are
striving for. Take
care and always be
yourself. That's the
way I like all my
friends.

REFLECTIONS

It seems like only yesterday,
the blinking of an eye
since last I was the architect
of the sand box in the school yard

and yet that blinking of the eye
must have taken endless eternities,
for I am older now,
and need not look upward
to see the world.

Only yesterday, or was it
I stood in awe of the "big kids"
who were so lucky,
being big and in high school,
driving cars and looking
"all grown up".

The major questions then
were how to repair the flat bicycle wheel,
and where would we go this Saturday afternoon.

I was Christopher Columbus,
discovering America all over again;
the Ponce de Leon of the world about me
and the explorer of the self within.

It feels a long way I have come
and yet a long way left to go . . .

How many friends, how many foes,
how many teachers, principals
have come and gone since first I stepped
into the hallowed halls of learning
with palms moist, mind open?

Pioneers of the self, the world, the future
we shall build converging now in space craft
shaped like covered wagons . . .

Pioneers piloting vessels down the rivers
on our finger tips, plotting a course toward
our separate and worldwide destinies,
gathered here, ready to emerge, to transform;
the light and the dark both before us,
we speed onward ever on, not yet adult,
no longer child, blind yet with twenty-twenty vision!

If I should live to be very old
and yet my memory still serves me well.
I have no doubt that I'll remember
the faces, the friendship and the love
I've experienced as a Pioneer among Pioneers,
an explorer of the self the world, the future
we shall build gathering now in space craft
shaped like covered wagons . . .
